Information and house rules

- Majority of slides and videos will be published on the Energiforsk web
- Please keep microphone muted and camera switched off
- You are encouraged to ask questions!
 - Raise hand or write in chat
 - When called upon by the moderator – please unmute microphone, turn on camera and present yourself

Joint webinar Nuclear & Hydro

Energiforsk Digitalization in nuclear applications

- State of the art reports
 - IIoT in nuclear applications
- Webinars
- Field trips
- Discussions on challenges and benefits with digitalization

Energiforsk Digitalization in hydro applications

- Wireless applications in hydro

Forum for digitalization in hydropower

- **Cooperation between Energy Norway and Energiforsk**
- **Venue for RnD collaboration and knowledge sharing**
- **40 Nordic producers, suppliers and consultants**
- **Seminars**
- **Ask the forum**
 - Monthly meeting, the last Friday every month
 - Two short presentations with discussion on relevant topics
- **Field trips**

Monitoring and Diagnostics centre

- What is that?
- How can it be implemented in my organization?
- What are the challenges and opportunities?
