

Nordic Cooperation for Green Mobility

Nordic Innovation in brief

An organisation under the **Nordic Council of Ministers**

Mission: contribute to making the Nordics a pioneering region for sustainable growth by promoting entrepreneurship, innovation and competitiveness in Nordic business

Connecting Norway, Sweden, Iceland, Finland and Denmark
+ Faroe Islands, Greenland and Åland

Work based on Vision 2030

Oslo, Norway

Our vision 2030

A **green** Nordic region

Together, we will promote a green transition of our societies and work towards carbon neutrality and a sustainable circular and bio-based economy.

A **competitive** Nordic region

Together, we will promote green growth in the Nordic region based on knowledge, innovation, mobility and digital integration.

The Nordic region will become the most sustainable and integrated region in the world

A **socially sustainable** Nordic region

Together, we will promote an inclusive, equal and interconnected region with shared values and strengthened cultural exchange and welfare.

The Nordic Smart Mobility and Connectivity programme, 2018-24

- Changing the way people and goods move
- Sustainability with speed through joint action
- Combining the best of the region for resilience, progress and impact
- Public-private and cross-border coordination and alignment
- Tackling system level transformation and innovation

Nordic collaboration as a driver of innovation and transformation

- Ecosystem and network building
- Risk sharing and experimenting
- Common test bed with early adopters
- More scaling and a larger (home) market
 - Nordic springboard to international markets
- Quicker results, faster progress, more impact

New focus areas 2025-2030

**Green business development and
realising innovative and
green solutions**

**Digital and green innovation,
data and data sharing**

**Scaling, internationalization
and export**

The clock is ticking

- Through collaboration we can drive innovation and transformation and shape the future of mobility.

Thank you!
